Dr. Gilliam and the Madison County Board of Education,

As elected representatives of the Madison Central High School parents and staff, the Site-Based Decision Making Council would like to recognize Mr. Brandon Fritz for an excellent year as Head Principal and commend him on demonstrating extraordinary leadership and making Madison Central a great place to learn and work.

Whether it is starting each morning in the road directing traffic, mopping up a spill in the hallway, or being there for a student in their time of need, Mr. Fritz has demonstrated the servant leadership necessary to pull a school together and to push it forward. Showing up to school each day with a positive mindset to make our school a better place, he motivates his students and staff to strive for their best each and every day.

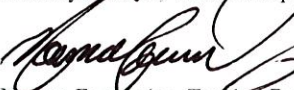

Mr. Fritz' dedication to the school is evident to the faculty, staff, and student body. He shows up to nearly all extra-curricular activities and is a positive leader for the students. He has worked tirelessly to create a sense of family among the teachers and strives to spread a positive image of Madison Central in the community. His love for Madison Central is unmatched and he uses that love to empower teachers to be the best version of themselves. He recognizes that when teachers are driven to excel, that benefit is passed on to the students. He often has to make tough decisions but students' best interests are always his first concern. We appreciate the passion that Mr. Fritz has brought to our school and we look forward to the continued progress in the years to come.

Sincerely,

The Madison Central High School Site-Based Decision Making Council
